States, Debt, and Power: 'Saints' and 'Sinners' in European History and Integration (Hardback)

By Kenneth Dyson

Oxford University Press, United Kingdom, 2014. Hardback. Condition: New. New. Language: English. Brand new Book. States, Debt, and Power argues for the importance of situating our contextually influenced thinking about European states and debt within a commitment to historically informed and critical analysis. It teases out certain broad historical patterns. The book also examines the inescapably difficult and contentious judgements about 'bad' and 'good' debt; about what constitutes sustainable debt; and about distributive justice at times of sovereign debt crisis. These judgements offer insight into the nature of power and the contingent nature of sovereign creditworthiness. Three themes weave through the book: the significance of creditor-debtor state relations in defining asymmetry of power; the context-specific and constructed character of debt, above all in relation to war; and the limitations of formal economic reasoning in the face of radical uncertainty. Part I examines case studies from Ancient Greece to the modern Euro Area and brings together a wealth of historical data that cast fresh light on how sovereign debt problems are debated and addressed. Part II looks at the conditioning and constraining framework of law, culture, and ideology and their relationship to the use of policy instruments. Part III shows how the problems...
